

Solvent-based epoxy	•	•	•	•	•	•	•	•	•	•										
Solvent-free epoxy	•	•	•	•	•	•	•	•	•	•										
Nitrocellulose	•										•									
Unsaturated polyester	•										•									
Silicon resin							•	•												
Vinyl copolymer							•	•												
Water-based coatings and Adhesives																				
Acrylic emulsion										•										
Acrylic water reducible										•										
Alkyd emulsion										•										
Alkyd melamine										•										
Alkyd water reducible										•										
Epoxy																				
Polyester melamine																				
Polyurethane emulsion																				
Polyvinyl Acetate																				
Printing inks																				
UV curable																				
Packaging (gravure & flexo)																				
Water-based																				
Composite																				
Gelcoats																				
Laminating																				
Lay-up & spray-up
